

Ms. Leave-it

Well the documents are a hoax made by the radicals on the other side in order to make Mister Dee look bad.

Aletheia

Other side?

Ms. Leave-it

The blue building on the other side of our block has literally been our rival company for decades. And now I officially regret giving you the time.

Aletheia

With that purple dress you're wearing, I'm sure you're filled to the brim with regrets.

Ms. Leave-it

Oh wow, a peacekeeper and a clever little bit-

Dee

Thank god you lovely ladies are here, I got a meeting in a bit, can either one of you tell me how to pronounce this word? Ass- Ace- Aceto...

Aletheia / Ms. Leave-it

Acetaminophen.

Ms. Leave-it

So any more questions, doll?

Aletheia

Yeah a few.

Ms. Leave-it

No? Okay sounds good, thank you for coming by sweetie!

(Ms. Leave-it grabs Dee by the shoulder and walks him back to the room.)
